(11) A description, at a high level, of the covered company’s resolution strategy, covering such items as the range of potential purchasers of the covered company, its material entities and core business lines.	9

(a) Public Section

Introduction:

Sumitomo Mitsui Trust Holdings, Inc. (“SMTH”) has developed a resolution plan (this “Resolution Plan”) as required by the Board of Governors of the Federal Reserve System’s Regulation QQ, 12 CFR part 243, and Federal Deposit Insurance Corporation Regulation 12 CFR part 381 (together, the “Plan Rules”), that have been issued pursuant to Section 165(d) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd Frank Act”). SMTH is a holding company organized under Japanese law and the 100 percent owner of Sumitomo Mitsui Trust Bank, Limited (“SMTB”), which is a bank holding company under the U.S. Bank Holding Company Act. SMTH is the top-tier holding company of a multi-tiered holding company structure and, in accordance with Section .2(f)(1)(iii) of the Plan Rules¹, is the covered company required to file a resolution plan.

(1) The names of material entities;

SMTH has identified one material entity concerning the core business line that has been identified for purposes of this Resolution Plan, namely the New York Branch of SMTB (“SMTB NY”). SMTB NY is licensed by the New York State Department of Financial Services (the “NYSDFS”) as a branch of a foreign bank. As a branch, SMTB NY is a part of SMTB and has no branches, subsidiaries, or joint ventures.

(2) A description of core business lines;

SMTH has identified the wholesale lending activities (“Wholesale Lending”) of SMTB NY as its only core business line. Wholesale Lending consists of both bilateral loans and syndicated loans, in which SMTB NY participates, and securities investments, and are made mostly to U.S.-based borrowers and, to a lesser degree, internationally-based borrowers. As of March 31, 2014,² the aggregate amounts of loans and securities investments outstanding made by Wholesale Lending were approximately \$8,542 million and \$208 million respectively.

¹ This Resolution Plan refers to sections of the Plan Rules without reference to the relevant CFR title and part (e.g. “Section .2(f)(1)(iii) of the Plan Rules means 12 CFR 243.2(f)(1)(iii) and 12 CFR 381.2(f)(1)(iii)).

² This Resolution Plan uses March 31, 2014, and not December 31, 2013, financial figures. This is because the fiscal year of SMTH ends on March 31.

(3) Consolidated or segment financial information regarding assets, liabilities, capital and major funding sources;

The following is a summary of the balance sheet and income statement of SMTBNY as of March 31, 2014:

Net Operating Income (Pre-tax)	71
Applicable Income Taxes	9
Net Operating Income (After-tax)	62
Gains (Losses) on Extraordinary Items and Other Adjustments, Net of Income Taxes	0
Net Income	62

(4) A description of derivative activities and hedging activities;

SMTBNY enters into derivative contracts to manage its exposure to market risks. As part of its risk management policies, SMTBNY hedges the Wholesale Lending portfolio as necessary by entering into a combination of cross currency and interest rate swaps. Currency risks (US Dollars to Japanese Yen) resulting from profits from Wholesale Lending activities are hedged through foreign exchange swaps.

**(5) A list of memberships in material payment, clearing and settlement systems;**

SMTB and SMTBANY are members of the following payment, clearing and settlement systems:

Payment, Clearing, and Settlement Systems		
Name	Type	Membership
CLS Bank International	FX Settlement	SMTB
FedAdvantage	Payments (web based FRB system)	SMTBANY
Fedwire	Clearing and Settlement	SMTBANY
SWIFT Alliance	Payments	SMTB/SMTBANY

(6) A description of foreign operations;

SMTB is incorporated in Japan and the 100 percent owner of SMTB. SMTB and affiliates of SMTB engage primarily in trust and banking businesses and other financial services (including pension trusts, investment management, securities processing, stock transfer agencies and real estate services) in Japan, and conduct commercial banking, asset management and custodial operations in the United States, the United Kingdom, China, Hong Kong, Singapore and Luxembourg. As of March 31, 2014, SMTB had 158 offices in Japan.³ In the United States, SMTB maintains a subsidiary, Sumitomo Mitsui Trust Bank (U.S.A.) Limited (“SMTBUS”), in New Jersey, and a branch, SMTBANY, in New York. As of March 31, 2014, SMTB also maintained the following outside Japan: (i) subsidiaries in the United Kingdom, Ireland, Luxembourg, and Hong Kong; (ii) branches in London, Singapore, Shanghai, and Hong Kong; and (iii) representative offices in Beijing, Seoul, Jakarta, and Bangkok. SMTB also maintains various special-purpose companies organized under the laws of Panama and the Cayman Islands as vehicles to invest in collateralized loan products, raise capital through the issuance of preferred securities, and conduct aircraft and ship leasing operations. SMTB also owns approximately 91 percent of Nikko Asset Management Co., Ltd., an investment management company located in Tokyo, and its United States subsidiary, Nikko Asset Management Americas, Inc., a registered investment adviser located in New York.

SMTBANY does not currently maintain any offices or station any employees outside the United States. Foreign operations are limited to periodic marketing, information gathering, and related activities in connection with funding and Wholesale Lending.

SMTBANY’s customers are predominantly in the U.S., but are also located in Canada, Central and South America, Europe including the U.K., and Asia.

(7) The identities of material supervisory authorities;

SMTH is supervised and regulated by the Japanese Financial Services Agency (the “JFSA”) and the Bank of Japan (the “BOJ”).

SMTB NY is supervised and regulated by the Board of Governors of the Federal Reserve System and is licensed, supervised, and regulated by the NYSDFS. As a branch of SMTB, SMTB NY is also regulated by the JFSA and the BOJ.

(8) The identities of the principal officers;

The principal officers of SMTH as of April 1, 2014 are as follows:

Board of Directors Sumitomo Mitsui Trust Holdings, Inc.	
Position	Name

General Manager, New York Unit	Yoshinori Momose
Joint General Manager	Suraj Bhatia
Joint General Manager	Manatomo Yoneyama
Joint General Manager and General Counsel	Bruce Ortwine
Deputy General Manager	Yasushi Samejima
Deputy General Manager	MaryAnne Dorsey
Deputy General Manager	Tomoyuki Itsukaichi

(9) A description of the corporate governance structure and processes related to resolution planning;

SMTH has established the following structure, both within SMTBNY and SMTH, governing the preparation and approval of this Resolution Plan. In September 2011, SMTBNY established the Dodd Frank Act Implementation Committee (the “DFAI Committee”). Membership of the DFAI Committee includes the General Manager of SMTBNY, the General Manager of New York Unit, the Joint General Manager and General Counsel, and a Deputy General Manager of SMTBNY. Since inception, the DFAI Committee has monitored, analyzed and assessed all pertinent developments in the implementation of the Dodd Frank Act. The DFAI Committee has established a Resolution Plan Working Group that has been assigned the task of coordinating the development of this Resolution Plan and to reporting its overall progress at each meeting of the DFAI Committee.

Members of the DFAI Committee, in turn, have held weekly meetings with the Recovery Resolution Planning Project Team (the “RRPPT”) in SMTH, in part, to discuss the status of the preparation of this Resolution Plan. The RRPPT consists of representatives from six departments of SMTH: Corporate Planning Department, Financial Planning Department, Planning and Coordination Department, Risk Management Department, Legal Department, and IT System Planning and Management Department. These meetings also serve to provide effective corporate governance and oversight by SMTH into the process resulting in this Resolution Plan and the reasoning behind the provisions hereof. Accordingly, these meetings have included discussions concerning specific provisions of this Resolution Plan. Minutes of these discussions have been

prepared in English and have been reported to and discussed by the DFAI Committee at each of its meetings.

In addition, a member of the DFAI Committee made a presentation to members of the RRPPT on the contents of this Resolution Plan on December 2, 2014.

The RRPPT, in turn, has reported on this Resolution Plan to the Managing Executive Officer of SMTH in charge of the Corporate Planning Department, which, in turn, has reported to the SMTH Board of Directors, in consultation with the Enterprise Risk Management Committee of SMTH.

It is the result of this process that has enabled Mr. Toru Takakura, Managing Executive Officer, as delegee and acting with the express authority of the SMTH Board of Directors, to approve this Resolution Plan on December 25, 2014 with an appropriate level of understanding and agreement as to its contents.

(10) A description of material management information systems; and

SMTBANY's Management Information Systems (MIS) include a mix of proprietary and third party systems that are used for, but not limited to, risk management, accounting, financial reporting, compliance (anti-money laundering and sanctioning) and regulatory reporting.

Primary responsibility for MIS is assigned to SMTBANY's IT Department. IT responsibilities include system planning, application development, maintenance, security (with the guidance of a separate department within SMTBANY, Information Risk Governance), and management of outsourcing and software vendor activities.

Due to the sensitivity and importance of information and technology systems, planning is done at both SMTBANY and SMTB Tokyo Head Office in order to maintain the necessary support for each local business unit as well as to ensure the unit's productivity and viability from a global perspective.

As SMTBANY's operation relies heavily on information systems, SMTBANY maintains an extensive business continuity plan (including Disaster Recovery) to protect key systems and data should a disaster occur. This plan minimizes down time and enables business operations to continue until primary information systems are sufficiently returned to normal working order.

(11) A description, at a high level, of the covered company's resolution strategy, covering such items as the range of potential purchasers of the covered company, its material entities and core business lines.

An insolvency of SMTBANY, including Wholesale Lending, is determined by the insolvency provisions of Article 13 of the New York Banking Law. For purposes of this Resolution Plan,

SMTH's resolution strategy is to wind down the operations of Wholesale Lending. Under each of the Baseline, Adverse, and Severely Adverse scenarios required to be considered in this Resolution Plan, SMTH expects the resolution of SMTBNY would be both straight-forward and carried out in a relatively timely manner given the liquidity and high credit quality of the Wholesale Lending loan assets and a large number of potential purchasers for those assets, though the expected value and liquidity of the Wholesale Lending loan assets, the timing for sale of those assets, or both, may vary depending on the specific scenario.
