**Date:** Saturday, August 17, 2024 3:49:54 PM

From a practical point of view, Is the FDIC FRB NCUA OCC and ABA Responsible for the voting securities that do not belong to the share holders who are selling them including but not limited to embezzlement, breach of fiduciary duty and fraudulent concealment.

At some point they will need to take the responsibility for their mistakes and i am 100% positive a simple solution with reasonableness will create a remedy.
