Re: Regulations Implementing the Change in Bank Control Act (RIN 3064-AG04)

Dear Mr. Sheesley and members of the Corporation:

I am writing to request a 60-day extension to the comment period of the proposed rule titled Regulations Implementing the Change in Bank Control Act. The Notice of Proposed Rulemaking poses important and complex questions of public policy at the intersection of corporate governance, prudential regulation, laws governing investment advisers, and the Employee Retirement Income Security Act. Properly addressing these questions requires careful attention that would benefit from additional time.

Sincerely,

/s/ Natalia Renta
